

SANAT KUMAR

Mechanical Engineer — Design & Development

+91 9981142454 | sanatk254@gmail.com | [linkedin.com/in/s254](https://www.linkedin.com/in/s254)

PROFILE

Versatile Design Engineer with over two years of experience across the automotive and metal-section industries. Expert in Cold Roll Forming (CRF) design, GA/manufacturing/fabrication drawings, mill arrangement, stand and layout drawings, and 3D modelling. Proven record of improving operational efficiency through SAP automation, having led an auto-amendment project at Eicher Motors. Skilled at bridging design, technical feasibility, and procurement data management to deliver cost-effective engineering solutions.

EXPERIENCE

Jr. Engineer — Design & Development — Dewas Metal Section Limited	02/2026 – Present Dewas
- Engineered custom Cold Roll Formed (CRF) profiles using AutoCAD/SolidWorks, ensuring 100% adherence to client-specific structural requirements. - Prepared GA (General Arrangement) drawings for roll set and structural assemblies. - Prepared manufacturing drawings for machine components as per design specifications. - Developed detailed 2D/3D technical drawings and BOMs in compliance with ISO and industry-specific quality standards for automotive and railway sectors. - Created fabrication drawings for structural components, ensuring precise tolerances for assembly and welding. - Drafted and implemented Quality Assurance Plans (QAP) for new roll set models, defining inspection criteria and dimensional check-points for zero-defect manufacturing. - Managed engineering data within the ERP system, including creation and maintenance of BOMs, part numbers, and routing for seamless production workflow.	
Assistant Purchase — Purchase — VE Commercial Vehicles Limited	02/2025 – 01/2026 Pithampur, Indore
- Prepared cost sheets to verify supplier costs and balanced prices to optimize sourcing. - Implemented strategic PO cost alignment to improve purchasing accuracy and cost transparency. - Skilled in sheet metal nesting via Form Suite, driving cost savings through precision layout and scrap reduction.	
Design & Drafting — Hindustan Equipment Pvt. Ltd.	08/2024 – 01/2025 Indore
- Worked on nesting and Bill of Materials (BOM) creation to optimize material usage and reduce waste. - Prepared scrap sheet reports to analyse material usage and ensure efficient disposal of scrap. - Contributed to improvement of engineering designs through CAD modelling and technical documentation.	
Industrial Training — VE Commercial Vehicles Limited	07/2023 – 08/2023 Pithampur, Indore
- Conducted engine station mapping to analyse workflow and improve operational efficiency. - Developed strategies to enhance productivity on the assembly line.	

KEY ACHIEVEMENTS

- Optimized sheet metal usage, saving 15% through precision nesting and reduced scrap. - Increased purchasing accuracy by 20% through strategic cost alignment for purchase orders. - Reduced design-to-production lead time by 15% through standardization of fabrication drawing templates. - Optimized material utilization for packaging dies by refining drafting tolerance, cutting material scrap significantly.	
---	--

DRAWING TYPES HANDLED

GA (General Arrangement) Drawing • Manufacturing Drawing of Machine • Mill Arrangement Drawing • Stand Drawing • Layout Drawing • Fabrication Drawing

SKILLS

AutoCAD 2D • SolidWorks (Part Modelling, Assembly, Drawing) • PTC Creo • SAP (MM Module) • ERP • Copra • IDM • MS Excel, Word, PowerPoint • Ansys • GD&T • Feasibility Analysis

PROJECT

Auto-Amendment Implementation (2025)
- Project executed for Volvo Eicher Commercial Vehicles, Pithampur, Indore. - Developed and implemented a digital SAP solution to automate the amendment process for Purchase Orders (POs) and Scheduling Agreements, reducing manual intervention and streamlining the procurement cycle.

EDUCATION

Bachelor of Technology in Mechanical Engineering (7.46 CGPA)	2020 – 2024
Govt. Engineering College, Nowgong	
XII — Saraswati Hr. Sec. School, Satna (85%)	2019 – 2020
X — Saraswati Hr. Sec. School, Satna (80.4%)	2017 – 2018

CERTIFICATION

6-Month Certification in Design — DICIC Institute, Indore

LANGUAGES

Hindi • English
